2026

Notes from the Chairperson

Dear University Leaders and Sustainability Champions,

Welcome to the 2026 UI GreenMetric Sustainable University Rankings.

This year's edition marks an important milestone with the introduction of our seventh assessment criterion, Governance & Digitalization, reflecting the growing role of effective governance and digital transformation in advancing sustainability across higher education.

As the global sustainability landscape continues to evolve, UI GreenMetric remains committed to providing a transparent and meaningful framework that enables universities to measure progress, benchmark achievements, and inspire continuous improvement.

I sincerely thank all participating universities, partners, experts, and members of the UI GreenMetric community for your dedication and collaboration. Your commitment demonstrates that lasting impact is achieved through shared knowledge, innovation, and collective action.

We hope this report serves as both a reflection of your achievements and a valuable resource for strengthening sustainability efforts in the years ahead. Together, let us continue building a more resilient, inclusive, and sustainable future for higher education worldwide.

Sincerely,

Dr. Vishnu Juwono, S.E., M.I.A.
Chairperson

A GLOBAL MOVEMENT DRIVING
SUSTAINABLE CHANGE TOGETHER

WHY UNIVERSITIES CHOOSE US

Global Network

Engage with a vibrant network of more than 1,745 universities across 105 countries, sharing knowledge and best practices for a sustainable future.

Performance Analysis

Enhance sustainability performance with focused indicator analysis and customized improvement roadmaps tailored to your institution's needs.

Global Recognition

Strengthen your institution's visibility and leadership within the global sustainability movement and inspire positive change.

Strategic Partnerships

Advance global partnerships and SDG efforts through our programs, leadership forums, capacity-building workshops, and sustainability dialogues.

Edition Overview

The 2026 edition of UI GreenMetric continues to strengthen its methodology, expand global participation, and enhance impact.

2026 EDITION HIGHLIGHTS

Record Participation

1,745 universities from 105 countries across all continents.

Methodology Enhancement

Refined indicators and updated data collection for greater accuracy and relevance.

Stronger Impact Alignment

Better alignment with the Sustainable Development Goals (SDGs).

Global Collaboration

Growing partnerships and knowledge exchange to accelerate sustainability in higher education.

ABOUT UI GREENMETRIC

Established in 2010, UI GreenMetric is a global sustainability initiative of Universitas Indonesia and a pioneer in sustainable university rankings.

For more than 16 years, UI GreenMetric has engaged thousands of universities worldwide and continues to expand by conducting assessments of cities, regencies, and corporations in Indonesia.

All assessment processes are carried out using rigorous and measurable methodologies as part of efforts to promote the achievement of sustainable development globally.

4. RANKING IN BELARUS

Country Ranking 1	SI Ranking 6	EC Ranking 1	WS Ranking 2
WR Ranking 4	TR Ranking 6	ED Ranking 1	GD Ranking 5

Methodology

1. Setting & Infrastructure (SI) - 11%

Code	Indicator	Points
SI1	Ratio of open space area to total area	200
SI2	Total area on campus covered in forest vegetation used for research, teaching, and/or community engagement	100
SI3	Total area on campus covered in planted vegetation	200
SI4	Total open space area divided by total campus population	200
SI5	Campus facilities for persons with disabilities, special needs, and/or maternity care	100
SI6	Security and safety facilities	100
SI7	Health infrastructure to support the well-being of students, academic staff, and administrative staff	100
SI8	Conservation of flora, fauna, wildlife, and/or genetic resources secured in medium- or long-term conservation facilities	100
Total		1100

2. Energy and Climate Change (EC) - 20%

Code	Indicator	Points
EC1	Use of energy-efficient appliances	200
EC2	Smart building implementation	300
EC3	Number of renewable energy sources on campus	300
EC4	Total electricity usage divided by total campus population (kWh per person)	200
EC5	Ratio of renewable energy production to total annual energy usage	200
EC6	Green building elements implemented across buildings	200
EC7	Greenhouse gas (GHG) emission reduction program	200
EC8	Total carbon footprint divided by total campus population (metric tons per person)	200
EC9	Number of innovative programs in energy and climate change	100
EC10	Impactful university programs on climate change	100
Total		2000

Methodology

3. Waste (WS) - 17%

Code	Indicator	Points
WS1	3R (Reduce, Reuse, Recycle) program for university waste	200
WS2	Program to reduce paper and plastic use on campus	300
WS3	Organic waste treatment	300
WS4	Inorganic waste treatment	300
WS5	Toxic waste treatment	300
WS6	Sewage disposal	300
Total		1700

4. Water (WR) - 11%

Code	Indicator	Points
WR1	Total area for water absorption (excluding forest and planted vegetation areas)	100
WR2	Water conservation program and implementation	200
WR3	Water recycling program implementation	200
WR4	Use of water-efficient appliances	200
WR5	Consumption of treated water	200
WR6	Water pollution control in the campus area	200
Total		1100

Methodology

5. Transportation (TR) - 17%

Code	Indicator	Points
TR1	Number of combustion-engine vehicles (cars and motorcycles) divided by total campus population	200
TR2	Shuttle services	250
TR3	Availability of Zero-Emission Vehicles (ZEV) on campus	200
TR4	Number of ZEV divided by total campus population	200
TR5	Ratio of ground parking area to total campus area	200
TR6	Program to limit or reduce parking area over the last three years	200
TR7	Number of initiatives to reduce private vehicles on campus	200
TR8	Pedestrian paths on campus	250
Total		1700

Methodology

6. Education & Research (ED) - 13%

Code	Indicator	Points
ED1	Ratio of sustainability courses to total courses/subjects	200
ED2	Ratio of sustainability research funding to total research funding	200
ED3	Ratio of sustainability-related scholarly publications to lecturers/researchers (one-year period)	200
ED4	Number of sustainability-related events or program	100
ED5	Number of sustainability-related activities organized by student organizations per year	150
ED6	Number of cultural activities on campus	100
ED7	Number of sustainability programs with international collaborations	100
ED8	Number of sustainability-related community services involving students	100
ED9	Number of sustainability-related startups	100
ED10	Percentage of graduates with green jobs (last three years)	50
Total		1300

Methodology

7. Governance & Digitalization (GD) - 11%

Code	Indicator	Points
GD1	Percentage of university budget for sustainability efforts	200
GD2	University-run sustainability website	200
GD3	Sustainability report	100
GD4	Financial report	100
GD5	Availability of a unit/office coordinating sustainability on campus	100
GD6	Use of ICT for sustainability program planning, implementation, monitoring, and evaluation	50
GD7	Policy on advanced digital technologies (AI/IoT, etc.) to support decision-making, efficiency, and service delivery	50
GD8	Ratio of female leaders to total institutional leaders	100
GD9	Anti-corruption and integrity system	50
GD10	Whistle-blowing and complaint system	50
GD11	LMS-Enabled Digital Literacy Program	50
GD12	Written code of ethics for university leaders, academic staff, administrative staff, and students	50
Total		1100

Light green indicates the new indicators for 2026.
